DA 99-1912
September 17, 1999

CLOSED BROADCAST AUCTION

224 Qualified Bidders

Report No. AUC-99-25-G (Auction No. 25)

This *Public Notice* identifies the 224 applicants that have been found qualified to bid for broadcast construction permits associated with 119 Mutually Exclusive Applicant Groups (“MX Groups”) in Auction No. 25, which is scheduled to begin on Tuesday, September 28, 1999. This *Public Notice* also contains bidding instructions and other important information regarding the auction.

Attachment A lists each of the 224 qualified bidders, their upfront payments, and maximum eligibility in bidding units.

Attachment B lists the construction permits that were listed on each qualified bidder's FCC Form 175.

Attachment C lists those applicants that submitted FCC Form 175 short-form applications, but did not qualify to bid in this auction.

Attachment D lists each MX group in the auction and the qualified bidders that have selected that MX group on their FCC Form 175 application. This does not necessarily indicate that a bidder will have sufficient bidding eligibility to bid on the construction permit in any given round in the MX group indicated, simply that the qualified bidder selected that construction permit on their short form application.¹

¹ In some cases a multiple market bidder may have tendered an upfront payment of sufficient size to permit bidding in one or more, but not all, of the markets selected on its form 175.

Attachment E contains software downloading and installation instructions for participation in the mock auction to be conducted on September 24, 1999.

Attachment F contains round results file formats for use during the auction.

Please note that the hardware and software requirements, as well as instructions on accessing the FCC Network and monitoring the auction on-line, were included in Attachments E through G of the Auction No. 25 *Status Public Notice*.²

In order to participate effectively in the auction, qualified bidders should re-familiarize themselves with the auction rules and other information contained in *Public Notices* released for this auction.³ The following information provides additional guidance.

Registration. Qualified bidders have been automatically registered for the auction. For security reasons, the Commission will confirm registration by two separate mailings of registration materials, both sent to the contact person at the address identified in the bidder's FCC Form 175. The two mailings will include the FCC Account Number, Bidder Identification Number, Login ID and the Login Password. The second mailing will also include the remote bidding system software, if ordered, and the telephonic bidding telephone number. Upon receipt of both mailings, each bidder should be in possession of the following information:

- FCC Account Number (as assigned by FCC)
- Bidder Identification Number (supplied by FCC mailing)
- Login ID (supplied by FCC mailing)
- Login Password (supplied by FCC mailing)
- Remote bidding system software and manual, if ordered (supplied by FCC mailing)
- FCC Bidder Line Telephone Number (supplied by FCC mailing)

Public Notice,

DA 99-1800 (rel. September 3, 1999) and *Erratum to Public Notice DA 99-1800* (rel. September 9, 1999) (collectively, "*Status Public Notice*"). All documents relating to Auction No. 25 are available on the FCC Web Site at <http://www.fcc.gov/wtb/auctions>.

³ See *Status Public Notice*; see also, New Rule Now In Effect Concerning Equity/Debt Threshold In Use For Determining Eligibility For New Entrant Bidding Credit,"*Public Notice*, DA 99-1663 (rel. August 19, 1999); FCC Reminds Applicants of Short Form Filing Deadline and Electronic Access to Filing System For Auction 25 *Public Notice*, DA 99-1664 (rel. August 19, 1999); Closed Broadcast Auctions,"*Public Notice*, DA 99-1638 (rel. August 16, 1999) Closed Broadcast Auctions: Ownership Disclosure Requirements For *Public Notice*, DA 99-1585 (rel. August 10, 1999); Closed Broadcast Auctions Scheduled For September 28, 1999: Comment Sought on Reserve Prices or Minimum Opening Bids and Other Auction Procedural Issues,"*Public Notice*, DA 99-940 (rel. May 17, 1999) and *Supplement and Erratum*, DA 99-1009, rel. May 26, 1999 (collectively, *Announcement Public Notice*"); Closed Broadcast Auction: Notice and Filing Requirements For Auction of AM, FM, TV, LPTV and FM and TV Translator Construction Permits Scheduled for September 28, 1999---Minimum Opening Bids and Other Procedural Issues," *Public Notice*, DA99-1346 (rel. July 9, 1999) and *Erratum to Public Notice DA 99-1346*, (rel. August 2, 1999), (collectively, *Closed Broadcast Auction Public Notice*").

Applicants are solely responsible for ensuring the security of their computer systems, the security of their bidding codes, and that only authorized bidders place bids on their behalf. The FCC assumes no responsibility or liability for these matters.

WARNING: Any unauthorized person or entity accessing or tampering with an FCC or other government computer will be prosecuted to the full extent of the law.

Any applicant listed as a qualified bidder in Attachment A to this *Public Notice* that has not received both registration mailings **by 2:00 p.m. Eastern Time on Wednesday, September 22, 1999** should contact the Auctions Hotline at (717) 338-2888. It is each applicant's responsibility to ensure that all registration information has been received on time. Note: The bidding software mailed via Federal Express is not the software used in the mock auction, and is specially designed to only be used in the actual auction event. The downloadable mock auction software is discussed later in this public notice.

Lost Login IDs, Login Passwords and Bidder Identification Numbers can be replaced only at the FCC Auction Headquarters, located at 445 12th Street, S.W., Washington, D.C. If replacement is necessary, either an authorized representative or the certifying official (as designated on the applicant's FCC Form 175) must appear in person with two forms of identification, one of which must be a photo identification. The authorized representative should immediately contact the technical support hotline to arrange for the replacement of bidding codes.

Electronic Bidding Software. In order to bid electronically, each qualified bidder must obtain the Commission's electronic bidding software. The software has been updated for Auction No. 25. **Accordingly, software from prior auctions will not work for Auction No. 25.** Bidders are advised to review the software manual included in the registration materials and participate in the mock auction to become familiar with this software. For software backup, bidders are advised to duplicate the software for use by authorized representatives at different locations. However, the FCC Remote Bidding System will not accept electronic bids from qualified bidders that are not registered requestors of the bidding software.

Bidding Contingency Plan. Bidders should develop comprehensive contingency plans they can implement quickly in case they experience difficulty participating in the auction. While the FCC will correct any problems within Commission-controlled facilities, bidders are solely responsible for anticipating and overcoming problems such as bidder technical failures, local telephone service interruptions, adverse local weather conditions, unavailability of authorized bidders, or loss or breach of confidential security codes.

The FCC Remote Bidding System requires access to a 900 service telephone line. Bidders should verify in advance that the telephone systems they will be using to submit electronic bids permit access to 900 service telephone numbers, and should consult their telephone administrators if they need assistance.

All filers will be supplied with a telephone number for telephonic bidding in their second registration packet. Electronic bidders may use this telephone number as an alternate method of

bidding in the event they are not able to submit their bids electronically. Those bidders that did not order the remote bidding software must use this number to place bids in the actual auction.

Minimum Opening Bids. There will be a minimum opening bid for each construction permit in Auction No. 25, calculated in accordance with our previous announcements.⁴ The minimum opening bid amount is subject to reduction at the discretion of the Commission. Bidders should be aware, however, that the FCC will not entertain requests to lower minimum opening bids. The agency will exercise its discretion, if at all, independent of any communications from bidders.

Bid Increment Calculation and Rounding. In Auction No. 25 the commission will calculate the minimum acceptable bid for each Construction Permit by multiplying its previous standing high bid by a percent increment. This result is added to the previous standing high bid amount subject to the following rounding rule:

Where the previous high bid amount multiplied by the percent increment is less than \$10,000.00, the result will be rounded to the nearest hundred dollars. In circumstances where the previous high bid amount multiplied by the percent increment is greater than \$10,000.00, the result will be rounded to the nearest thousand dollars.

Example:

Round 2

Percent increment is 10%

Standing High Bid is \$8,900.00

Calculation

$(10\% * \$8,900.00) + \$8,900.00$

$\$890.00 + \$8,900.00 = \$9,790.00$

Minimum acceptable bid is \$9,800.00 [result is rounded to nearest \$100.00]

Bid Increment is \$900.00

Round 3

Percent increment is 10%

Standing High Bid is \$9800.00

Calculation

$(10\% * \$9,800.00) + \$9,800.00$

$\$980.00 + \$9,800.00 = \$10,780.00$

Minimum acceptable bid is 11,000.00 [result is rounded to nearest \$1,000.00]

Bid Increment is \$1,200.00

Messages and Announcements. The FCC will post pertinent auction information as messages and announcements on the FCC Remote Bidding System, on its Internet site and on its Bulletin

⁴ See Announcement Public Notice; see also, Closed Broadcast Auction Public Notice.

Board System (BBS). Bidders should routinely check for messages and announcements each time the Remote Bidding System is entered, and should read this information carefully.

Bidding Schedule. The bidding schedule for Tuesday, September 28, 1999, and continuing until further notice, will be:

Bidding Period	9:00 a.m.	-	11:30 a.m. ET
Round Results	11:30 a.m.	-	12:00 p.m. ET
Bidding Period	2:00 p.m.	-	4:30 p.m. ET
Round Results	4:30 p.m.	-	5:00 p.m. ET

The FCC will set the pace of the auction based upon its monitoring of the bidding and its assessment of the auction's progress. Generally, the FCC will announce changes to the bidding schedule approximately two days in advance.

Bidder Questions during the Auction. FCC auction officials and technical support staff will be available during the course of the auction to answer questions from bidders. Bidders should identify themselves as a bidder with time sensitive auction questions when calling any number. Help can be obtained through the following telephone numbers:

FCC Bidder Line (telephonic bidding, auction conduct questions)	Use telephonic bid number supplied in registration mailing
FCC Technical Support Hotline (all technical questions, software and hardware)	(202) 414-1250
FCC Auctions and Industry Analysis Division (legal questions)	(202) 418-0660

Monitoring Round Results. Attachment F (How to Monitor FCC Auctions On-Line) of the *Status Public Notice* provides instructions for reviewing and downloading round results, and other material related to Auction No. 25 released by the Commission during the course of the auction.

Amendments to FCC Form 175s. Applicants are responsible for maintaining the accuracy and completeness of information furnished in their FCC Form 175 and exhibits. See 47 C.F.R § 1.65. Applicants are required by rule to make any changes “as promptly as possible.” It is the staff’s position that applicants should amend their applications within ten business days from the occurrence of a reportable change. If it is possible to amend an application in less time, then such amendment should be made. 47 C.F.R § 1.65 Filers should make modifications to their FCC Form 175s electronically, and submit a letter briefly summarizing the changes to:

Amy Zoslov
Chief, Auctions & Industry Analysis Division
Wireless Telecommunications Bureau
Federal Communications Commission
Room 4-A760
445 12th St., SW
Washington, DC 20554

Please send a courtesy copy to Bob Allen at the same address and transmit this copy by facsimile transmission to (202) 418-0890. As described in the Commission's Rules, applicants may make only minor corrections to their FCC Form 175 applications; major modifications (*e.g.*, changing the markets applied for, changing control of the applicant or changing the certifying official) will not be accepted. *See* 47 C.F.R. § 1.2105(b). Bidders are reminded that if ownership changes result in the diminishment or loss of a New Entrant Bidding Credit due to the attributable interests of new attributable interest holders, such information must be clearly stated in the bidder's amendment material and in the summary letter referenced above. In such cases, the Commission will make appropriate adjustments in the New Entrant Bidding Credit prior to the computation of down and final payment amounts due from any affected winning bidders.

Due Diligence. Bidders are reminded that they are solely responsible for investigating and evaluating all technical marketplace factors that may have a bearing on the value of the facilities on which they intend to bid.⁵

Mock Auction. The FCC will conduct a mock auction on Friday, September 24, 1999, to allow qualified bidders to familiarize themselves with the electronic bidding software. The mock auction will be open only to qualified bidders. Telephonic bidding will also be available during the mock auction. Qualified bidders wishing to place bids telephonically should use the telephone number supplied in the registration materials for the auction. Pre-registration is not required to participate in the mock auction.

This mock auction will include all Auction No. 25 MX groups, and will follow the rules governing the actual auction. The mock auction will be identified as Auction No. 74. The software will reflect all licenses each bidder applied for and the associated upfront payments, which in turn corresponds to the number of bidding units allocated. The mock auction will simulate the start of the auction and all bidders will be required to be active on 100 percent of their bidding units, or risk having a waiver automatically applied unless bidding eligibility is reduced.

⁵ *See Closed Broadcast Auction Public Notice (DA99-1346), page 4.*

The mock auction bidding schedule for Friday, September 24, 1999 will be:

Round 1

Bidding Period	9:00 a.m.	-	11:30 a.m. ET
Round Results	11:30 a.m.	-	12:00 p.m. ET
Break	12:00 p.m.	-	2:00 p.m. ET

Round 2

Bidding Period	2:00 p.m.	-	4:30 p.m. ET
Round Results	4:30 p.m.	-	5:00 p.m. ET

Eligible Auction No. 25 bidders who wish to participate in the mock auction using electronic bidding must establish a PPP connection to the FCC Auction Network through either an 800 or a 900 number, as selected through the mock auction software. (The FCC strongly encourages participants to test their ability to connect using the 900 number, in order to identify any potential problems such as a 900-number telephone block. There will be no access charge for the first minute of the 900-number connection time.)

When participants establish the PPP connection and start the Mock Bidding System, they will register for the mock auction by entering their FCC Account Number. The Login ID, Login password, and Bidder Identification Number (BIN) will be pre-filled. Note: Pre-filled codes apply to the mock auction only. For the actual auction, valid Login codes and BIN will be mailed to qualified bidders with their registration materials.

Remote bidding software for the mock auction must be downloaded and will be available via the FCC's Internet and Bulletin Board System beginning Thursday, September 23, 1999 at 1:00 p.m. ET. See Attachment E for downloading/installing instructions. This software is specifically designed for this simulation and is not adaptable to any other FCC spectrum auction. As part of the software, the Commission has established a suggestion box and welcomes your comments regarding the software.

For additional information regarding this *Public Notice*, please contact Kathy Garland, Auctions Operations Branch at (717) 338-2888 or Bob Allen, Auctions Legal Branch at (202) 418-0660. Questions concerning software or hardware should be directed to the Technical Support staff at (202) 414-1250.

ATTACHMENT E

DOWNLOADING AND INSTALLING THE FCC MOCK BIDDING SOFTWARE

This attachment describes how to download and install the FCC Mock Bidding Software for qualified bidders who wish to participate in the FCC Mock Auction.

Conventions

The instructions in this section use the following typographical conventions:

- bold** Represents objects on the screen that you click with the mouse pointer, including buttons, Internet links, icons, tabs, menu items (e.g., **Cancel** button, **Auctions** link, **Save** option in the File menu).
- italic* Represents field names or areas of a screen (e.g., *Location* field, *Selected Licenses* area of a screen).
- bold italic*** Represents characters that you must type exactly as they appear in the instructions. For example, if you are instructed to type ***http://wtbwww01.fcc.gov***, you should type all of the characters shown in bold italic exactly as they are printed.

SMALL CAPS Represents keys on the keyboard (e.g., ENTER, CTRL, ESC).

Note: Throughout these instructions, “enter” means to type the appropriate information and then press the ENTER key.

Qualified bidders who want to participate in the FCC Mock Auction will need, at a minimum, the following hardware and software:

Minimum Hardware Requirements

- CPU: Intel® Pentium
- RAM: 16 MB (more recommended if you have multiple applications open)
- Hard Disk: 33 MB available disk space
- Modem: v.32bis 14.4 kbps Hayes© compatible mode (recommend 56.6 kbps)
- Monitor: VGA or above
- Mouse or other pointing device

Minimum Software Requirements

- Microsoft® Windows 95™ or 98™
- FCC Mock Bidding Software (available through the Internet and the FCC Bulletin Board System)
- Netscape® Communicator™ 4.61 is recommended. However, you can also use Netscape Communicator 4.5 or 4.51 (Internet web browser software). Note: To download Netscape Communicator 4.61 free of charge, access the Netscape download site at <http://home.netscape.com/download/>

Note: The FCC Mock Bidding Software has not been tested in a Macintosh, OS/2, or Windows NT™ environment. Therefore, the FCC will not support operating systems other than Microsoft Windows 95 or 98. This includes any other emulated Windows environment.

Downloading the FCC Mock Bidding Software

FCC Mock Auction participants must first download the FCC Mock Bidding Software from either the Internet or the FCC Bulletin Board System. Participants must download the *mock25.exe* compressed file to install the software.

Download Method 1: Internet Access

You may use your Web browser to download the compressed files from wtbwww01.fcc.gov, wtbwww13.fcc.gov, or www.fcc.gov/wtb/auctions/, as described in the following section.

Downloading from wtbwww01.fcc.gov or wtbwww13.fcc.gov:

1. Connect to your Internet service provider and start your Web browser.
2. Enter the following location: wtbwww01.fcc.gov or wtbwww13.fcc.gov
3. Click on **Mock**
4. Click on **Programs**
5. Download the following file: *mock25.exe*

Downloading from www.fcc.gov/wtb/auctions/:

1. Connect to your Internet service provider and start your Web browser.
2. Enter the following location: <http://www.fcc.gov/wtb/auctions/>
3. Click on *Future Auctions*

4. In the Auctions section to the right, click on **Broadcast Auct. #25** under *Future Auctions*
5. Click on **Mock Auction Bidding Software**
6. Download the following file: *mock25.exe*

Download Method 2: Dial-In Access to the FCC Auction Bulletin Board System (BBS):

The FCC Auction Bulletin Board System (BBS) provides dial-in access for the FCC Mock Bidding Software. To access the FCC Auction BBS, use a communications package that can handle Xmodem or Zmodem protocol (such as PcAnyWhere, Procomm, or Hyperterminal in Windows 95/98) to dial in to **(202) 682-5851** or **(717) 338-0731**. Use the settings of 8 data bits, no parity and 1 stop bit (8,N,1).

Once your computer is connected to the Auction BBS, do the following:

1. To create an account:
 - a. Enter your first name.
 - b. Enter your last name.
 - c. When asked whether you want to create an account, enter **y**. (You may also enter **Y**, the program accepts either case).
 - d. When prompted, enter a password.

The password can be from four to ten characters long (where the characters can be either letters or numbers).
 - e. To confirm the password, enter it again.
 - f. When prompted for contact information, enter your voice phone number. Include the area code; for example, you might enter **202-555-1234**.
 - g. Enter your company name.
2. On the Welcome screen, enter **c** for *Continue*.
3. When asked whether you want to view the bulletin menu, enter **y** for *Yes*. Then, to continue, press ENTER to obtain the FCC Auction BBS Main Menu.
4. Enter **a** (for Auction Menu) to obtain the *Auction Library Menu*. The top options on this menu provide a range of numbers to represent the available auctions.

5. To select the *Mock Auction*, enter **m**.
6. Enter **p** to select *Programs*.

The list of available files for the Mock Auction appears.

7. To scroll downward to the next screen of file names, either press ENTER or enter **c** for *Continue*. To scroll upward to the preceding screen of file names, enter **p** for *Previous*.

Note that on each screen, file names are numbered separately, starting with 1.

8. To select one or more files for downloading, mark the files you want. The program marks a file by preceding its name with an asterisk (*).

You can do the following:

- To mark an individual file, enter its line number.
- To mark a range of files, enter **m** (for *Mark*) and then enter the range of files in response to the prompt. For example, to mark files 6 through 12, enter **6-12** at the prompt.
- To unmark a file, enter its number again. You can also use *Mark* to unmark a range of files.

Mark the following file for download: *mock25.exe*

9. When you have finished marking files, you may download the marked files by taking the following steps:

- a. Enter **d** for *Download*.

The program displays a list that summarizes the download operation. The *Time* column lists the download time for each file; the *Total Time* column lists a running total of the download times.

- b. Enter **d** to proceed.
- c. Select the file transfer protocol that has been specified in your terminal emulation software (e.g., Zmodem).
- d. When the download operation has finished, the list of files reappears.

10. Enter **x** to leave the BBS.

Extracting and Installing the FCC Mock Bidding Software

The FCC Mock Bidding Software file is downloaded in a self-extracting, compressed file format. Before installing the FCC Mock Bidding Software for Auction 25, you must uninstall any mock or remote bidding software that was installed on your computer before Auction 22.

After you have downloaded the compressed file for the FCC Mock Bidding Software, you must extract the software from that file. To extract the software, follow these steps:

1. Start Windows Explorer and open the file folder where you downloaded the files.
2. Double-click on *mock25.exe*.
3. Follow the instructions that display on your screen.
4. At the system prompt to reboot, leave **Yes** (the default) selected and click **Finish**.

After the FCC Mock Bidding Software has been installed, you will have a new Program group called *FCC Remote Bidding System* with an **Mock 25 Bidding Software** option in the drop down list. You will also see an icon on your desktop for the **Mock 25 Bidding Software**.

Connecting to the FCC Network

Before using the FCC Mock Bidding Software, you must first connect to the FCC Network. See the attachment titled *Accessing the FCC Network Using Windows 95/98*.

Before Running the FCC Mock Bidding Software

Important: Disable any screen saver software before using the FCC Mock Bidding Software.

Before running the FCC Mock Bidding Software, you must connect to the FCC Network via the FCC Auctions 800# or via the FCC Auctions 900# that you will use during Auction 25.

Note: If you connect to the FCC's 900# telephone service, there is a charge of \$2.30 per minute. The first minute of connection time to the 900 number service is at no charge.

After you have established a connection, you may start the FCC Mock Bidding Software by double-clicking on the **Mock 25 Bidding Software** icon on your desktop.

Uninstalling the FCC Mock Bidding Software

To uninstall the FCC Mock Bidding Software:

1. Double click on the ***Mock 25 Bidding Software Uninstall*** icon in the *FCC Remote Bidding System* program group. [Note: To see the *Programs* list, click on the **Start** button, highlight *Program*, then highlight ***FCC Remote Bidding System***.]

The *Remove Shared Files?* dialog box appears.

2. Click **NO to All** so that you preserve files that are shared with the FCC Remote Bidding Software for Auction 25.
3. When the process has completed, click **OK**.

Important: If the Mock Bidding Software and the Remote Bidding Software for Auction 25 are both installed on your computer, it is very important that you click **NO to All** when the FCC Mock Bidding Software Uninstall program displays the *Remove Shared Files?* dialog box. Otherwise, the uninstall will delete shared program files and you will need to re-install the Remote Bidding Software for Auction 25.

Help

For technical assistance with installing or using the FCC Mock Bidding Software, contact the FCC Technical Support Hotline at (202)-414-1250 (voice) or (202)-414-1255 (text telephone (TTY)). The Hotline is generally available Monday through Friday, from 8 a.m. to 6 p.m. ET. **All calls to the FCC Technical Support Hotline are recorded.**

Attachment F

FILE FORMATS

This attachment describes the formats for the round results files that will be uploaded to the FCC Internet site and FCC Auction Bulletin Board Systems (BBS) after each round of the auction. There are two sets of results files. These files are in *dbf* and *txt* format and contain the raw output of the auction data.

The newest round results are uploaded to the *Results* directory based on the type of file format: *dbf* and *txt*.

On the primary location, *wtbwww01.fcc.gov*:

- http://wtbwww01.fcc.gov/MMB/CP1/Auction_25/Results/dbf/
- http://wtbwww01.fcc.gov/MMB/CP1/Auction_25/Results/txt/

Note: If you cannot access these files at the preceding primary location, you can access the same files at either of the following secondary locations: *wtbwww13.fcc.gov* or *www.fcc.gov/wtb/auctions/*.

After every 50 rounds, files will be moved from the Results directory to archive directories. The following listings show an example of the directory structure for an auction in round 102. Note that the results for rounds 101 and 102 would be in the *Results* directories.

On the primary location, *wtbwww01.fcc.gov*:

Rounds 1-50	http://wtbwww01.fcc.gov/MMB/CP1/Auction_25/Results/dbf/D001_050
Rounds 51-100	http://wtbwww01.fcc.gov/MMB/CP1/Auction_25/Results/dbf/D051_100
Rounds 101-102	http://wtbwww01.fcc.gov/MMB/CP1/Auction_25/Results/dbf/
Rounds 1-50	http://wtbwww01.fcc.gov/MMB/CP1/Auction_25/Results/txt/T001_050
Rounds 51-100	http://wtbwww01.fcc.gov/MMB/CP1/Auction_25/Results/txt/T051_100
Rounds 101-102	http://wtbwww01.fcc.gov/MMB/CP1/Auction_25/Results/txt/

Note: If you cannot access the files at the preceding primary location, you can access the same files at either of the following secondary locations: *wtbwww13.fcc.gov* or *www.fcc.gov/wtb/auctions/*.

Tracking the FCC Mock Auction

Mock Auction round results and announcement files will be posted on the FCC Internet and FCC Auction Bulletin Board Systems (BBS) in the same location as the auction results. The directory structure for the mock auction will be as follows:

On the primary location, *wtbwww01.fcc.gov*:

- <http://wtbwww01.fcc.gov/Mock/Results/dbf/>
- <http://wtbwww01.fcc.gov/Mock/Results/txt/>

Note: If you cannot access the files at the preceding primary location, you can access the same files at either of the following secondary locations:
wtbwww13.fcc.gov or *www.fcc.gov/wtb/auctions/*.

Round Results Files

Following are descriptions of the layouts for the *dbf* versions of the round results files. The *txt* files will have character field types.

ALL_BIDS file
